Rehabilitation project with spectacular views over Aljezur

A short distance from Aljezur Castle, ready to be restored to its former glory. The house consists of a bedroom, a living room, a storage room, a space for a kitchen and bathroom and a west-facing patio for outdoor dining.

This exceptional opportunity offers the possibility to acquire the adjacent property, allowing for an expansive project with stunning views. After the submission of a project proposal, there is the possibility of building three new villas on the agreed site, providing a strategic framework for future development.

This property presents a unique opportunity to create your dream home or secure a lucrative investment in one of Aljezur's most sought-after locations.
